Address of person you care for:

Relationship to you:

Are they registered at this practice?: YES/NO

DO YOU HAVE A CARER? YES/NO

If Yes:

Name of Person you care for:

Address of person you care for:

Relationship to you:

Are they registered at this practice?: YES/NO

PRESCRIPTIONS:

This surgery uses Electronic Prescribing (EPS). This means your prescriptions will be electronically sent to your chosen Pharmacy.

Name and address of Chosen pharmacy:

NHS App

We are encouraging our patients to sign up to the NHS App as it is the easiest way to access online services such as:

- **share your COVID-19 status** – view and share proof of your COVID-19 status for travel
- **get advice about coronavirus** – get information about coronavirus and find out what to do if you think you have it
- **order repeat prescriptions** - see your available medicines, request a new repeat prescription and choose a pharmacy for your prescriptions to be sent to
- **book appointments** - search for, book and cancel appointments at your GP surgery, and see details of your upcoming and past appointments
- **get health advice** - search trusted NHS information and advice on hundreds of conditions and treatments. You can also answer questions to get instant advice or medical help near you
- **view your health record** - securely access your GP health record, to see information like your allergies and your current and past medicines. If your GP has given you access to your detailed medical record, you can also see information like test results and details of your consultations
- **register your organ donation decision** - choose to donate some or all of your organs and check your registered decision
- **find out how the NHS uses your data** - choose if data from your health records is shared for research and planning
- **view your NHS number** - find out what your [NHS number](#) is

NHS App cont..

You can also book, cancel and track appointments at your GP surgery with ease. And access to NHS 111 online means no more wondering if you need urgent attention.

It's free and owned by the NHS so you know your personal data is always secure. You can find it in in Google and Apple app stores.

Your NHS, your way. Download the NHS App.

Full details on the App can be found here:

<https://www.nhs.uk/nhs-services/online-services/nhs-app/>

SUMMARY CARE RECORDS

Your Summary Care Record

If you're registered with a GP surgery, you'll have a Summary Care Record unless you've chosen not to have one. It contains basic information including your allergies, medicines and any reactions you've had to medicine in the past.

During the coronavirus outbreak, you will also have extra information added to your record. This includes significant medical history (past and present), reasons for medicines, care plan information and vaccinations.

You cannot get your Summary Care Record online. If you'd like to see it, speak to your GP.

Giving healthcare staff access to this information can help prevent mistakes being made when caring for you in an emergency or when the surgery is closed. Staff will ask you if they wish to access your Summary Care Record.

If you would like further information

<https://digital.nhs.uk/services/summary-care-records-scr>

I am happy to have a Summary Care Record

YES NO (tick as appropriate)

Signed *Date:*.....

The NHS will create a Summary Care Record

For you unless you tell us not to do so

Your health record and sharing of information

Please read this leaflet carefully. It provides information about the choices you can make about sharing your health record. Your health record includes your medical history, details about your medication and any allergies you may have. You can now choose whether to share these full medical details.

We use a secure electronic health records system called SystmOne. With your permission, this system can allow clinicians to share your full record held here with other healthcare services who are providing care for you. These other services will ask your permission to view your record.

Many organisations may use SystmOne including some GP practices, out of hours services, children's services, community services and some hospitals. Sharing your health record will help us deliver the best level of care for you.

You have **two choices** which allow you to control how your record is shared. You can change these choices at any time by letting the relevant practice or service know.

Please read this leaflet and fill in your choices. You may wish to keep this section for future information. Please contact the Patient Experience Team on [0800 2792535](tel:08002792535) or CAPCCG.pet@nhs.net if you have any queries.

Please note: if you have previously opted out of sharing your information via the Summary Care Record, you will still need to complete this form with your choices about sharing your health record within SystmOne.

For further details visit www.cambridgeshireandpeterboroughhccg.nhs.uk

Your choices at each practice or service

Sharing OUT - This controls whether your information recorded at this practice or service can be shared with other healthcare services.

Sharing IN - This determines whether or not this practice or service can view information in your record that has been entered by other services who are providing care for you, or who may provide care for you in the future.

Imagine you're receiving care from three services: your GP, a district nurse and a smoking clinic. You want your GP and District Nurse to share information with each other and you want both of them to know your progress at the smoking clinic. However, you don't want the smoking clinic to see any of your other medical information.

Your sharing choices at each practice or service would be:

The GP can share information IN and OUT.

- The district nurse can share IN and OUT.
- The smoking clinic can only share information OUT but not IN.

You can change your choices at any time. Let each practice or service know.

Note: You can request individual entries in your record to be marked as 'Private'. These are not shared with the rest of your record even if you choose to share out.

Please complete your details below and make your choices. Please complete a separate form for each of your dependents. Complete this section and return to the practice or service receptionist.

PATIENT NAME: DATE OF BIRTH:

ADDRESS:

PHONE: SIGNATURE: DATE:

The choices you would like to make about sharing your health record:

SHARING OUT I would like my health record at this practice or service to be shared with other healthcare services providing care for me. YES / NO

SHARING IN I would like this practice or service to be able to view information in my health record that has been recorded by other healthcare services. YES / NO

My choices apply to my record here at PRACTICE or SERVICE
